VOL. XVIII—NO. 249 PORTLAND, OREGON: THURSDAY, NOVEMBER 21, 1878. PRICE—TEN CENTS.

GENERAL NEWS.

BY TELEGRAPH TO THE OREGONIAN.

Report of the Yellow Fever Commission

NEW YORK, Nov 20—A report of the yellow fever commission composed of Drs Formen, Cochran and Howard and Col T S Sloan, military engineer made to the Health Department Convention in session at Richmond, gives the results of investigations in all of the fever stricken cities of the south They believe the disease was imported to New Orleans and also show by maps that fever cases in that city and elsewhere, took form in groups unlike malarial fever, which shows a tendency to occur in disconnected cases They conclude

First—Not a solitary instance was found of a case of yellow fever which we could justifiably consider as indigenous to its locality

Second—In most of the towns visited which were victims of epidemic prevalence the testimony as to the priority of yellow fever importation was direct and convincing in character.

Third—Transmission of yellow fever between persons separated by any considerable distance appears to be wholly due to human intercourse In many instances the poison was carried in clothes or about the person of people going from infected to distant localities. In other instances it was conveyed in bedding and furniture or other goods of the sick themselves.

Fourth—The weight of testimony is very powerful against the further use of disinfectants as a means of preventing the spread of yellow fever by infected towns almost without exception, and that they are useless agents to arrest the spread of yellow fever

Fifth—Personal prophylaxis by means of drugs or other therapeutic means has proved a constant failure. A considerable number of physicians think that the use of small doses of quinine of some use in preventing

Sixth—Quarantine established with such a degree of rigor that absolute non intercourse is the only way that absolute non intercourse is the only way that absolute non intercourse is the only way

THE NEXT ISSUE

Whether the Republican party shall hold the great advantages it has recently gained or lose them in the next general contest depends in large degree on its own conduct It has now carried all the great states because the people turned to it as the best representative of the true conservatism of the country distrusted the promises of Democratic regeneration and resolved to give a rebuke to those who by various propositions savoring of dishonesty and folly had attempted to disturb the foundations of credit and of public and private prosperity The Democratic party has justly suffered because of its foolish acquiescence in an unsound and dangerous financial policy Its leaders in many localities have descended to extreme depths of degradation to gain the favor of inflationists and to conciliate the mob elements of the country But they easily underrated the public intelligence and their party is rebuked for having fostered encouraged and pandered to a delusion which the common sense of the country could see was threatening disastrous consequences But truth requires it to be said that the Republican party has not always heretofore maintained so resolutely as it should have done the sound doctrine of sound money Some of its leaders heretofore have tried demagogy too as in Ohio last year and fortunately with disastrous results to their political hopes This year the force of circumstances has largely operated to put the Republican party on the right ground It found, in truth that the Democratic party could outstrip it in the race for popularity with the advocates of dishonest money and repudiators of the public debt hence it had no chance except by boldly taking the ground which it should have taken from choice and never departed from To the folly of its adversary it therefore owes much of its almost unexpected good fortune But still the Republican party is not in a safe position It is juggling with the word compromising in a double sense with phrases about a double standard,' and hesitating to get on the high ground of gold, the world's real money It cannot save the debased silver dollar Nothing can save it There is no half way ground Against the debasement and degradation of gold coinage and against resumption on the silver basis, is the next battle the Republican party must make It must not try to please the inflationists and anti resumptionists by an endeavor to ignore the great and increasing difference between the market value of the gold dollar and the silver dollar. Its business will be to contend for resumption on the gold basis resumption in a gold dollar worth 100 cents, and not in a silver dollar worth 88 cents, and if it fails here it will lose its opportunity on a question which cannot much longer be ignored The silver dollar has decreased in value seven cents since it was remonetized The Latin union has still further limited silver coinage The English government is about to demonetize it in India, one of the great silver absorbing countries in the world, and the boasted dollar of our fathers is likely to drop to seventy five cents in gold It is most patent folly therefore to suppose that our government can resume in gold and silver next January, and have plain sailing thereafter This is a question which no political party can control The law of values is a law unto itself When the secretary of the treasury begins to pay out silver instead of gold, at his own option, that very act will at once establish a premium on gold Finally, as silver becomes abundant through the steady operations of the mint, gold will disappear from circulation altogether, and the paper currency and the whole business of the country will come to a debased silver level It cannot be long till the Republican party must face this question squarely, or give place to a party headed perhaps by Bayard of Delaware, that will Here will be an invincible position A very great advantage is afforded the Republican party of the northern states by the sectional division of parties which the south has foolishly forced and if in addition to this the Republican party shall have sagacity and courage to meet fairly and fully the sole remaining issue on the financial question and leave to its adversary the championship of debased money, a triumph equal to its greatest yet awaits it

HEARTLESS AND DISGRACEFUL

The La Grande *Gazette* of Saturday last has this paragraph

Two "splendid" Indians were seen a few days since about three miles north of La Grande They were unlike many others of their race—so calm, quiet and considerate They even refused to drink whisky though offered to them and for fear they might tramp down the grass they had taken the precaution to hang themselves up to a tree with a rope around their necks and looked as if they had been in that perfectly harmless condition for many days If all Indians would thus act there would be no more trouble between them and the whites

Every reader should be ashamed of a newspaper which thus justifies the assassination even of Indians It is brutal, cowardly, outrageous The attempt to follow a facetious vein throughout the paragraph makes it even more disgusting It is known that certain Indians committed murder Two have been found guilty and will be executed and perhaps more may thus be dealt with All against whom anything can be proved should be prosecuted and receive the full penalty of the law But this indiscriminate murder of Indians, whether innocent or guilty is not a whit better than the ferocity of the savages themselves. In fact it is worse because it is more cowardly Men who do it perpetrate the same crime they condemn in the Indian Nay they are even more guilty because they sin against light knowledge humanity and civilization If this policy is continued it will bear yet most terrible fruit It will force the Indians to horrible retaliation There will be an outbreak and a butchery of whites for the Indians, driven to desperation will seek a bloody revenge To them, it will ultimately be death, and they know it but this they will accept with the stolid indifference that marks the Indian character when like other human beings they conclude that their only refuge is in despair We adjure the good people of Eastern Oregon and Washington to discountenance these brutal and wicked acts and to do all in their power to prevent a repetition of such scenes as the La Grande paper describes with an evident exultation It is true that Indians have committed outrages and murders among them, and that there is a natural exasperation against a treacherous race But there is no part of this continent that has not witnessed such scenes and civilization has a higher purpose on these occasions than indiscriminate and bloody retaliation In the judicial trial and execution of offending Indians there is to a whole Indian community a most impressive lesson But the effect of shooting or stringing them up wherever found is precisely the opposite They feel and naturally too that their own savage brutality is fully justified by atrocious example and act accordingly Surely there are sensible people enough in that locality who know that the class of persons who perpetrate acts like that heralded with approval by the La Grande paper are sowing the wind for the community to reap the whirlwind Only merciful good fortune can arrest so dire a result

Dr Atkinson has collected revised and printed in pamphlet form the series of articles he has published in THE OREGONIAN during the past year on the features and resources of the northwest coast including the articles on the Northern Pacific railroad and its relations to the basins of the Columbia river and Puget Sound The series contains a large amount of information of value both here and abroad An edition of four thousand has been printed one half of which has already been taken A useful map accompanies the pamphlet Many of Dr Atkinson's observations are wholly original He has treated the subjects in very different style from that commonly employed by persons who undertake descriptive writing of this kind

In the Avery trial counsel for defense set up the plea that the killing of the boy Joseph was not effected in the perpetration of the O'Shea robbery What they desired was to escape from the statute which would make it an act of murder in the first degree That counsel should endeavor to seize every possible advantage is to be expected of course but such a plea only shows the farcical nature of certain phases of our judicial proceedings One step further would lead to the argument that the robbers at the time Joseph was killed were not proposing to molest anybody but being pursued by an officer fired with reluctance and only in self defense

Gen Crook's Report.

In his annual report to the general of the army Gen Crook makes the subjoined observations on the causes of the Bannack war with which Eastern Oregon had such unfortunate experience

I visited this agency in March and April last * * * The apportionment of rations for the supply of this agency was ridiculously inadequate The Indians complained that three days out of the seven they had nothing to eat and the agent informed me that the allowance had never been sufficient I at once telegraphed the state of affairs to the department, and urged that something be done immediately to remedy it It was a matter of surprise to no one acquainted with the facts that some of these Indians should soon after break out into hostilities The great wonder is that so many of them have remained so long on their reservations With the Bannacks and Shoshones our Indian policy has resolved itself into a question of war path or starvation and being human, many of them will always choose the former alternative in which death shall at least be glorious They cannot hunt for subsistence, and the influx of immigration of each day is adding to the cordon of settlements around them, and if for any purpose they leave the reservation it is only the merest accident in the world that they can avoid a conflict of some kind with the whites The savages know nothing and can be made to understand nothing of such things as the failure of an appropriation or the cumbersome and dilatory complications of administrative red tape They only know that we have promised faithfully to feed and clothe them and teach them to earn their own living, and they insist upon our living up to the contract or they will, if driven to the war path wreak their vengeance upon the unprotected ranchmen and miners around them

Terrorism in Louisiana.

[Chicago Special 18th Nov]

The *Tribune's* New Orleans special confirms the report from that city sent you last week and says the result of the election is not complimentary to Governor Nicholls, who has often assured the country that colored voters should receive ample protection There are quite as many political refugees in New Orleans seemingly, from the country parishes as in the campaign of 1876 They report themselves now as then, driven from their homes because of their political affiliations Their affidavits have been taken for probable use in the near future, and show up badly enough, those from Concordia and Tensas parishes in particular The parish of Concordia has a registered vote of 2 600, against 275 for the whites Affidavits show that the whites organized into militia companies, and the blacks were completely terrorized A showing is made of something like fifty blacks as murdered within the three weeks immediately preceding the election They are represented as found hanging in some cases, two on a tree others as hanging to gate posts and in other cases again as found in fields through the agency of the turkey buzzards feasting on their remains The parish, withal, is shown to have actually gone Republican by better than 600 majority but it has been counted for the Democrats The United States commissioner too seems to have been forced to leave The showing for Tensas is still worse, the number of killed being claimed at not less than one hundred no Republican organization being possible and no attempt made as a consequence to put a Republican ticket in the field The affidavits of actual facts are certainly specific and in view of the late utterances of the president, are likely to yet play their part

The Electoral Result.

If the election this year had been for president as well as for congressmen and state officers, the result would have been as follows

What Saved Wisconsin

[From the Milwaukee Sentinel]

Chairman Ludlow of the state central committee sustained by the other members of that committee, did not hesitate to put forth the admirable address which pronounced the Republican party of Wisconsin as an honest money and civil service reform party It was a brave thing to do in the face of the politicians, and it was done bravely

The result has justified the course of Mr Rublee and his committee in deciding that an aggressive campaign on live issues was better than silence to compromise with the green backers or an attempt to win by the revival of sectional bitterness

Congratulations

The republican state committee of Massachusetts has issued an address congratulating the people of the state on the result of the election They say

After full discussion in public and in private our opponents have rejected the only appeal which right to array them in hostile lines of bitterness and hate They have turned their backs upon the base and alluring delusion of fiat money and upon the fundamental principles of just obligations They have sustained sound and honest principles and have shown that penetrating instinct which chooses the true man for the position of honor and true statesmanship sets aside the self seeking pretender

Gorham's One Recruit

THURSDAY MORNING, NOV 21, 1878.

CITY.

...RRIED.—Mr. Geo. W. Pittock, a young ...gentleman who for several years has been ...connected with the business department of ...this paper, and Miss Minnie Weeks, only ...daughter of our well known townsman, Mr. ... Weeks, were married on Thursday even... ...ing at Trinity church, by the Rev Mr. ... Miss Bessie Tracy and Mr. ... Wilson acted as bridesmaid and ... The church was profusely decorated ... handsome flowers presented by the ... of the contracting parties, and during ... the ceremony was crowded. Later in the ... evening a reception was tendered the parties ... their relatives and a number of their ... intimate friends. The entire force of ... Oregonian unite in wishing Mr. and ... Pittock happiness and prosperity.

...ROWN'S TRIAL.—The case of the state vs. ... Brown is still on trial in the circuit ... Yesterday morning's session was en... ...tirely consumed in an argument by counsel ... as to objection of the defense to certain testi... ...mony, the point claimed being that the kill... ...ing of the boy, Josephs, was a separate act ... from the robbery of O'Shea's shop, and not ... connected with it in a criminal sense. On this ... point the indictment of the grand jury for ... murder in the first degree was based, and the ... attorneys on both sides made long and ... learned arguments. The court decided that ... the killing of the boy was a part of the rob... ...bery, and overruled the objection. Several ... witnesses were examined in the afternoon, ... and consideration of the case will be resumed ... this morning.

...COUNT FALSE.—A letter has been received ... from Seattle which informs us that the state... ...ment published a few days ago in this paper ... to the effect that a Mr. Collins, proprietor of ... the Occidental Hotel in that city, came home ... drunk and, his son took a revolver and shot ... him in the head is grossly false. The Intelli... ...gence says: "The trifling casualty upon ... which this malicious story was founded has ... been fully explained without imputing ... shooting act to Mr. Collins or particular in... ...terest to the slight injury he received." ... We have forwarded to Mr. Collins the name ... of the person through whom we received the ... information.

...RIVAL AT UMATILLA.—From dispatches re... ...ceived late last night over the O. S. N. ... telegraph line, we learn that a row oc... ...curred at Umatilla yesterday afternoon be... ...tween a new set of steamboat hands and the ... men which was discharged to give them ... place. The discharged party warned the new ... men not to go to work, and when they did ... assaulted them. A fierce rough and tum... ...bling followed, but whether or not any... ...body was seriously hurt the dispatch did not ... say. The affair grew out of hard feelings in ... the Baughman case, and the discharged crew ... held a meeting last night at which speeches ... condemning Baughman were made.

...ERMAN.—At the annual meeting of the ... stockholders of the Phil. Sheridan Mining ... Co held at the office of the company in this ... city on the 19th inst., the following board of ... directors were elected to serve for the ensuing ... year: John M. Gearin, C. A. Alisky, H. B. ... Parrish, Portland; S. B. Parrish, Granite, ... Grant Co, Ogn.; C. W. Parrish, Canyon City, ... Grant Co., Ogn. At a subsequent meeting of ... the directors the following officers were elect... ...ed: S. B. Parrish president, C. A. Alisky vice ... president, C. D. Folger secretary.

...THE WILLAMETTE BADGER.—We are in... ...debted to Mr. Matlock, secretary of the ... Badger Co, that the survey of the river re... ...ferred to yesterday as being made by Mr. ... Campbell, was conducted by Mr. Campbell, ... engineer of East Portland, by the orders ... of the Badger Company. And further, that ... the route surveyed was from the foot of ... Madison street to the foot of G street in East ... Portland, and the report of the engineer ... is to be a more favorable route than ... previously examined.

...FINE STOCK.—Mr. Peter Sabe sold ... two fine young blooded cows—... "Queen" and "Clara XIII,"—to ... J. J. Apperson of Oregon City. One of ... the animals won the sweepstakes at the ... Oregon State Fair and the other at the ... Washington State Fair. Both animals were ... awarded the first premium at the fairs.

...THE HANDSOME.—Last evening Chief ... Tichnor adjourned the members present, and ... invited all the members of the OREGONIAN and *Stand...* ard* to the splendid oyster supper at Keith's, ... which did the honors handsomely, and ... the guests in the earnest wish that his ... shadow may never grow less.

...CHURCH MEETINGS.—To-night meetings will ... be held in all the churches. It is the earnest ... desire of the pastors that all the members of ... the churches who possibly can do so will be ... present at the meetings to-night. To-morrow ... (Friday) night a gospel mass meeting will ... be held at the Y. M. C. A. rooms, led by Rev. ... H. Acton.

...DEFENDANT ARRAIGNED.—Yesterday fore... ...noon the two young men, Pullen and Dwyer, ... who are under indictment for larceny from a ... railroad car, were arraigned in state circuit court, ... the defendant entered a plea of not guilty.

...FIRE STORM.—A dispatch from Astoria ... dated at 1 o'clock states that the steamer ... Republic was not in sight. The bar was ... breaking and a strong gale from the south... ...west prevailed.

...VESSELS ARRIVED.—The steamships *Oregon* ... and *Chester* arrived at San Francisco ... yesterday morning.

CITY AMUSEMENTS.

...The Danites run is coming to a close. After ... Monday it will be withdrawn to make room for ... the powerful drama of "Man and ... Wife." The more we see of "Davy Crockett" the ... more we like it. In Mr. Hayo's hands it is a most ... effective characterization, every intonation, look ... and action indicating the finished artist. The ... scenery is a charming story, wholesome in tone ... and well presented in a series of pictorial views ... which reflect great credit on the scenic artist, Mr. ... Goodrich as well as to the liberal enterprise of Mr. ... Baker, who has certainly spared no ex... ...pense to do so in so superior a manner ... that will be withdrawn after this evening, ... those who wish to enjoy one of the most beautiful ... pieces ever presented in this city ought to ... go to-night. To-morrow night the powerful drama ... of "Man and Wife," a dramatization of Wilkie ... Collins' novel, will be produced, with Mr. Frank ... Goodrich as "Geoffrey Delamaine." Seats will no ... doubt at a premium, as the crowds who have ... seen "Davy Crockett" are anxious to see Mr. ... Hayo in a new part.

The excellent photo work that Davidson Brothers are turning out proves that while they have much the lowest prices, they do not intend the quality of their pictures to be excelled. They make cards for $1 50, and cabinets for $3 per dozen.

When you think seriously about buying that suit, recollect that you can save money by going to Beck & Waldman's, 115 First street. They have a splendid assortment of clothing now which is worth looking through, and don't you forget it.

If you think of furnishing a house with a part or entire outfit of furniture, and do not wish to pay too much for the articles necessary, go to Edwards & Birmingham, Centennial Block. They have what you want and the prices are the lowest.

ANOTHER WONDERFUL CURE BY DR. D. HALL McLENNAN, Jr.

AN OPEN LETTER.

DR. MCLENNAN—*Dear Sir*: I am not a very ardent advocate of mesmerism alone as a means of curing disease, but the extraordinary benefit which I have myself received from your hands induces me to make my case public. Two years ago I contracted a severe cold, and being neglected worked into congestion, ultimately resulting in debility and consumption. Doctors that I have consulted all agreed in saying that there was no cure for me, but thank God, you have saved me from an untimely grave. If this will benefit any suffering mortal, as I have suffered, you are at liberty to make it public, and I will gladly give any information by addressing MRS. S. C. CAPRON, Salem, Oregon.

N. B—Dr. McLennan's notice can be seen in our advertising column. His office is over Sol's restaurant, Washington street, between Second and Third; parlors 6, 7, 8 and 10; office hours from 9 A. M. to 5 P. M. Patients can address him by letter or otherwise free of charge.

DR. M. BRENAN,

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhea, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.

Office, 23 First street, over McCormick's Franklin Bookstore.
